

Sree Kerala Varma College, Thrissur

Student Satisfaction Survey 2019-2020

Report

The college conducts student satisfaction survey every year as part of internal quality assurance measures. The student engagement details in the survey is kept anonymous and strictly confidential and the aggregate results are made available to the stakeholders for self appraisal and improvement. The students are asked to submit feedback on amenities, classroom engagement, learning atmosphere, programme outcome, syllabi and teacher performance. All 2578 students took part in the survey, and the results were given to the teachers and other stakeholders for further action. The students generally expressed satisfaction in the following criteria: classroom engagement, learning atmosphere, programme outcome, syllabi and teacher performance. The students pointed out the possibility for improvement in a few areas in the amenities provided. This was immediately addressed and measures were adopted to redress the same. The new building equipped with all modern amenities, coming up as part of the aid to Institution with Excellence as identified by the Government of Kerala, will address the concerns raised.
